PROSECUTORIAL SUMMARY

On April 29, 1984, at 1330 hours, Ada Police Detective MIKE BASKIN reported to OSBI Inspector B. G. JONES that DONNA DENISE HARAWAY, a store clerk for McAnally's Convenience Store at 2727 East Arlington in Ada, was missing. Also reported missing was \$167 in cash from the cash register. BASKIN requested the assistance of the Oklahoma State Bureau of Investigation.

On April 30, 1984, Ada Police Sergeant HARVEY PHILLIPS told OSBI Agent GARY ROGERS that on April 28, 1984, PHILLIPS was dispatched to McAnally's Store at 2727 East Arlington where the store clerk was reported missing.

PHILLIPS, who was the first officer to arrive at McAnally's Store, arrived at about 2100 hours and met GENE WHELCHER, LENNY TIMMONS and two other men that PHILLIPS did not know. TIMMONS told PHILLIPS that when he and WHELCHER arrived at the store they could not find an employee. WHELCHER telephoned the McAnally Store on North Broadway in Ada and Store Manager MONROE ATKESON and the Ada Police Department.

PHILLIPS saw that DONNA HARAWAY, the store clerk, was missing and the cash register was open and that it contained five, ten or twenty dollar bills. PHILLIPS also saw a brown vinyl purse and a set of car keys behind the cash register counter. HARAWAY'S car, a Plymouth or Dodge, was parked on the east side of the store.

GENE WHELCHER told ROGERS that on April 28, 1984, at about 2045 hours, he and his nephews, LENNY and DAVID TIMMONS, stopped at McAnally's Store on East Arlington. LENNY went inside the store but DAVID stayed in LENNY'S car and WHELCHER stayed in his pickup. WHELCHER saw a light colored, early model pickup, maybe a 1970 model, parked between the gas pumps and front door of the store. WHELCHER saw a white male and a white female come out of the front door of the store and get into the parked pickup and drive away.

WHELCHER described the man as about five feet, eight inches tall, 150 pounds, ear length blonde hair and between twenty and twenty-five years of age. The male was accompanied by a white female with the same physical appearance as DONNA HARAWAY. Later, WHELCHER identified TOMMY WARD from a line-up as the man who accompanied HARAWAY from the store.

Prosecutorial Summary
Page Two

On April 28, 1984, at about 2045 hours, DAVID ALLEN TIMMONS sat in LENNY'S car at McAnally's Store. DAVID saw the back end of a pickup truck, thought to be a 1972 model, parked between the gas pumps and front door of the store. The pickup was, he thought, a dull blue with gray primer spots and straight side bed. DAVID saw a short, stocky built, white male, with dishwater blonde hair, walk out of the store, accompanied by a white female. The female looked similar to the photograph of the missing store clerk. The male had his arm around the waist of the female as they walked out of the store and she and the male got into the passenger side of the pickup and rode away. TIMMONS did not see the driver of the pickup.

On April 28, 1984, at 2045 hours, LENNY LEWIS TIMMONS stopped at McAnally's Store and he saw a white male, about five feet, eight inches tall, medium build, blonde hair, leave the store with a white female, who was about five feet, eight inches in height, with blonde, shoulder length curly hair. The man and woman got into a '60's to early '70's model pickup that was parked between the gas pumps and front door of the store then the pickup left traveling east. TIMMONS found no store clerk in the store and noticed the cash register open and most of the money was missing. LENNY identified an CQF composite drawing as a look alike of the blonde headed man he saw leave McAnally's Store with the white female on April 28, 1984.

On October 29, 1984, LENNY TIMMONS identified TOMMY WARD from a line-up as looking like the person he saw leaving the store with a blonde headed woman.

KAREN SUE WISE worked the 1500 to 2300 hour shift on April 28, 1984, at J.P.'S Convenience Store about two blocks east of McAnally's Store on East Arlington. At around 1915 hours, April 29, 1984, she saw two white males come into J.P.'S and play pool. WISE described one of the white males as having dishwater blonde hair, light colored eyes, five feet, seven inches to five feet, eight inches tall, 130 to 145 pounds, early twenties, a few scars on cheek bones, hair neat, feathered cut, light colored t-shirt, faded blue jeans, tennis shoes. The other white male was about six feet tall, early twenties, brown collar length hair, slender build, possibly blue eyes, kid face with some facial hair on upper lip protruding Adam's apple, fairly neat, light blue t-shirt with possibly a skull design on the right side, blue jeans and tennis shoes. The two men drove an older model pickup, thought to be a step side type, with light colored spots on the driver's door and bed.
